REPUBLICAN PARTY 56 YEARS OLD

Washington, D. C., June 15.—The
gathering of delegates at Chicago
next Tuesday forms the fifteenth
national convention held by the repub-
lican party since its birth in Pitts-
burg more than half a century ago.

The first convention was in Phila-
delphia in 1856, and Edward D. Mor-
gan called it to order on June 17.
Robert Emmett of New York was
temporary chairman and Henry S.
Lane of Pennsylvania permanent
chairman, with David Wilmut as head
of the committee on resolutions. The
platform declared against the exten-
sion of slavery into new states and
Territories, demanded the admission
of Kansas, and advocated the build-
ing of the Union Pacific railroad. The
candidates nominated were John C.
Fremont—he defeating John McLean
of Ohio on first ballot—and William
L. Dayton of New York. The ticket
was beaten by the democratic ticket
nominated at St. Louis and headed by
Buchanan.

The second, but in point of impor-
tance really the first convention of the
party was held in Chicago, assembling
June 13, 1860. The platform de-
clared for the preservation of the
Union, denounced the extension of
slavery, and advocated tariff laws

ty has held in Chicago. Of the repub-
lican candidates nominated in that
city, Lincoln and Garfield were as-
sassinated. Blaine died a disappoint-
ed, if not a heartbroken, man. Arth-
ur, who succeeded Garfield, lived to
realize the full meaning of political
ingratitude. Harrison, although re-
nominated at Minneapolis, was defeat-
ed. The defeat of Grant in the con-
vention which met in Chicago in 1880
was the occasion of a bitter feud in
the republican party, and incidentally
led to the defeat of the party four
years later. Mr. Roosevelt was nomi-
nated in Chicago in 1904 and Mr. Taft
in 1908. These two, of the seven stand-
ard bearers named by the republican
party in Chicago conventions, are the
only ones living.

This Date in History.

- 1775—George Washington appointed
commander-in-chief of the Con-
tinental army.

Some Plums.

This morning Mrs. S. L. Tobias
brought to the News office a branch
from a plum tree containing ninety-
eight large plums. The limb is only
about three feet long, but the fruit is
clustered all over it. It is a large
purple blum and most delicious when
ripe. This is only a sample of what
Pontotoc county fruit is doing this
year. The only trouble is going to
be how to use and dispose of the
immense crop now on the trees every-
where.

LITTLE SON OF MR. AND MRS. B. J. CORN DIES

This morning about 4 o'clock,
George Franklin, son of Mr. and Mrs.
B. J. Corn, answered the last call and
his spirit took its flight to the Creator
who gave it. The little one was less
than three years old, but was an ex-
ceptionally bright child and the pride
of his parents who looked forward to
a bright future for the little one.

More Booze Captured.

Friday Deputy Sheriff L. M. Chand-

capturing a fair sized quantity of al-
cohol. The alleged owner, Jim Good,
was arrested and made bond for his
appearance at the county court.

Tomorrow morning the remains will
be taken to Monpelier, Indiana, the
former home of the parents, for inter-
ment.

The News extends its sincere sym-
pathy to the bereaved parents in their
severe loss.

WARNER AGRICULTURAL SCHOOL SUSPENDED

Oklahoma City, Ok., June 14.—An
order has been made by the State
Board of Agriculture closing the Con-
nors District Agricultural School, at
Warner, the home of Campbell Russell
and the teaching staff employed for
the next school year has been releas-
ed. The property probably will be
placed in charge of J. S. Murray,
brother of William H. Murray of Tish-
omingo, who has been president of
the school for a year.

Mr. Russell, who until a year ago
was in charge of the farm demonstra-

tion work of the board, said tonight
that the board's action was intended
as a punishment for his activity for
trying to initiate the board members
out of office. Secretary Hennessey of
the board said the Warner school has
never received the patronage it was
entitled to and as a matter of economy
it was closed. The state has a valu-
able brick building on the property
and there is a large farm in connec-
tion with the school.

Society Wedding at Marietta, Okla.

The marriage of Miss Verna Eddle-
man of Marietta, Okla., to Mr. Wil-
liam C. Braley, Jr., of Muskogee, was
solemnized at the First Christian
church in Marietta Wednesday even-
ing. The wedding was an elaborate
affair, the church decorations being
of smilax, white carnations and hun-
dreds of fragrant cape jasmynes. Mrs.
A. L. Kimsey played the wedding
march and a small girl, Verna Lee
Van Horn, served as ribbon bearer.
Miss Irene Eddleman, as maid of hon-
or, was gown in pale blue crepe
meteor and carried an arm bouquet
of perle des jardin roses. Rebecca
Canteberry, the small flower girl, car-
ried a basket of white rose petals.
Miss Eddleman's wedding gown was
an imported lace robe over white
satin with court train. Her tulle veil
was caught in cap effect to her hair
with lilies of the valley and she car-
ried a shower of white roses and val-
ley lilies.

Mr. Braley's best man was Mr. Ber-
ry King. The ushers were Dr. A. E.
Martin of Marietta; Mr. Edward Wan-
derlohr of Fort Worth; Mr. Whittin-
ton of Ardmore, and Mr. Floyd Hagood
of Durant. Mr. Braley and his bride
will spend their honeymoon in the
east and in Chicago where Mr. Bra-
ley will take a post graduate course
in music. They will return to Musko-
gee in September to reside. The mar-
riage is the climax to a pretty ro-
mance that began when Mrs. Braley
came to Muskogee last September to
serve as maid of honor at the mar-
riage of her cousin, Miss Erna Eddle-
man, to Mr. Martin G. Miller. Mus-

"which would encourage the develop-
ment of the industrial interests of the
country." Abraham Lincoln was
nominated for President on the third
ballot and Hannibal Hamlin of Maine
was nominated for vice president on
the second ballot. This ticket was
successful in the fall, easily beating
the divided democracy.

The third republican convention
met in Baltimore on June 7, 1864.
The platform declared for the carry-
ing on of the war, advocated a con-
stitutional amendment forever pro-
hibiting slavery anywhere in the
Union, returned thanks to the Fed-
eral soldiers and sailors and indorsed
the emancipation proclamation. Abraham
Lincoln was renominated, receiv-
ing all the votes except those of
Missouri, which were cast for Gen.
Grant. Andrew Johnson of Tennessee
was named for Vice President. This
ticket was successful at the polls.

The record of republican national
conventions and candidates held since
the close of the civil war is as fol-
lows:

Chicago, May 20, 1868—Ulysses S.
Grant, of Illinois and Schuyler Col-
fax of Indiana.

Philadelphia, June 5, 1872—Ulysses
S. Grant, of Illinois, and Henry Wil-
son of Massachusetts.

Cincinnati, June 14, 1876—Ruther-
ford B. Hayes, of Ohio, and William
A. Wheeler, of New York.

Chicago, June 2, 1880—James
Garfield of Ohio, and Chester A. Ar-
thur, of New York.

Chicago, June 8, 1884—James G.
Blaine, of Maine, and John A. Logan,
of Illinois.

Chicago, June 19, 1888—Benjamin
Harrison, of Indiana, and Levi P.
Morton, of New York.

Minneapolis, June 7, 1892—Benjamin
Harrison of Indiana, and Whitelaw
Reid of New York.

St. Louis, June 7, 1896—William
McKinley, of Ohio, and Garrett A. Ho-
bart, of New Jersey.

Philadelphia June 1900—William
McKinley, of Ohio, and Theodore
Roosevelt, of New York.

Chicago, June 21, 1904—Theodore
Roosevelt, of New York, and Charles

FLAG DAY OBSERVED AT WASHINGTON

Washington, D. C., June 14.—Flag
Day, the anniversary of the adoption
of the red, white and blue, as the na-
tional emblem, was more generally
observed in the national capital to-
day than ever before. From public
buildings, business houses and thou-
sands of private residences, Old Glory
waved triumphantly. Pennsylvania
avenue, always the main artery of the
capital, was today especially the cur-
rent where the stream of national
pride showed itself. Hundreds of
flags were floating on both sides of
the thoroughfare. Special exercises
in observance of the day were held
at several of the government depart-
ment offices and in all of the public
schools.

The American flag was adopted by
Congress one hundred and thirty-five
years ago today. There has long been
a dispute as to who originated the de-
sign of the flag, George Washington
and Benjamin Franklin approved the
design, and Betsey Ross, wife of
John Ross, an upholster, living in
Arch street, Philadelphia, made the
one which the congress of the origi-
nal thirteen states adopted, and it
is the same flag today except that a
star has been added as often as a
new state has been admitted into the
union.

None of the contests today brought
out the strong partisan feeling that
characterized many of the arguments
and decisions in the committee room
yesterday. In the three districts where
Roosevelt contestants appeared the
Colonel's partisans on the committee
voted against the seating of the Taft
delegates, but the only strong com-
ment was on the decision of the Ninth
Tennessee case, which Francis J. Hen-
ey asserted was a "clean steal."

A contest from Alaska that had not
figured in the committee lists was dis-
posed of without argument just be-
fore adjournment. Credentials from a
contesting delegation elected at Val-
dez, May 29, has been received by
Secretary Hayward, but the committee
declined to consider them.

The sudden and early termination of
the day's proceedings resulted from
the desire of President Taft's attor-
neys for more time to prepare the
cases involving the thirty contested
delegates from Texas.

Preparing to Get New Law.

Oklahoma City, Ok., June 14.—Fol-
lowing the announcement of the su-
preme court decision declaring un-
constitutional the road district law
passed by the last legislature, prepa-
rations are being made to secure
the passage of a law by the next leg-
islature along the lines suggested by
the decision of the court.

It was suggested in the court's
opinion that the only way in which
work could be done by districts would
be on the benefit plan now used in
carrying on drainage work, and it is
proposed that the new law shall be
along that line, with probably some
provision for state aid included.

The desire of the state highway
department and others interested in
road improvement is to have some
system by which work can be con-
centrated on stretches of road which
particularly need improvement, in-
stead of scattering the work all over
a township or county with no real
good accomplished anywhere. It is
believed that the organization of dis-
tricts on the benefit plan is the on-
ly feasible way to accomplish this
result.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

THREE MORE NEW BUILDINGS

Judge T. D. McKeown and Lee Daggs Will Build on 12th Street at Once.

The gap in the business block on the south side of 12th street is to be filled in at once. Judge T. D. McKeown and Lee Daggs have agreed on terms with R. J. Ross and the work will begin immediately. Like all other buildings in that block, the new ones will be two stories in height, making it the only business block in town of two story buildings exclusively. It has been over a year since at least one business house was not under construction, and these three will keep the good work in progress for sometime to come. The next building to be erected will probably be the new Frisco depot, and before fall the chances are that still others will be under way.

NOTES FROM THE LABOR WORLD

In ten years over \$84,000,000 have been spent on strikes in Germany. Saxony has 350 organizations of stenographers, with a total enrollment exceeding 22,000 members.

In Germany the right to strike is withheld from employees of municipal, gas and water supplies and railways.

Detroit branch of the Michigan state free employment bureau furnished positions for 29,000 out of the 31,204 who applied.

The number of employed members of unions affiliated with the San Francisco (California) labor council is approximately 7,596.

Cleveland has been selected for the meeting place of the next convention of the Brotherhood of Locomotive Engineers. It will be held in 1915.

Five European countries, Russia, Roumania, Holland, Belgium and Italy, prohibit, under severe penalties, strikes in those services which are necessary to the public.

COMMITTEE FROM FEDERATED CLUBS MAKES REPORT

Ada, Okla., June 14, 1912.
Hon. S. E. Chapman, Mayor.
We the Sanitary committee find our town badly in need of the enforcement of the laws pertaining to sanitation, and respectfully urge upon all our officials the necessity of keeping our streets and alleys cleaner, of having all vacant lots mowed and to have the sweepings from the paved streets hauled clear away from the streets. We especially call upon you to see that the alleys between Main and 10th and Main and 12th from railroad to railroad, be kept in better condition, and that wood and melon wagons be placed where they will not block the streets. We also suggest that all stagnant water be sprayed with oil to keep flies and mosquitoes from breeding in same. In accordance with these suggestions we are going to ask you to designate Tuesday June 18th as cleanup day all over the city, and promise you our hearty support. Respectfully submitted,
SANITARY COMMITTEE.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, W. Va.—Mrs. Dora Martin, in a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you.

It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui.

Your druggist sells and recommends it. Get a bottle from him today.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

Chicago, Ill., June 13.—Eight delegates for Col. Roosevelt and eighteen for President Taft marked the day's gains of the two chief rivals for the republicans presidential nomination from the decision of contest cases by the national committee. In addition the committee settled disputes between rival Roosevelt factions in two districts of North Carolina, both of which had been instructed for the Colonel, thus clearing his title to four votes from those sections, making a total placed in the Roosevelt column for the day of twelve.

It was a day of Roosevelt victories, but victories achieved with the full acquiescence of the Taft majority on the committee. Missouri's contests, which threatened another battle between the Taft and Roosevelt factions in which the lines would be closely drawn, were compromised so effectively that the committee was unanimous in giving Roosevelt eight and Taft six of the contested delegates from the State. The decisions today were:

For Taft—Two each from the second, third, fourth, sixth, seventh and eighth Mississippi Districts; two each from the third, seventh and fourteenth Missouri districts. Total 18.

For Roosevelt—Four delegates at large from Missouri; two each from the First and Fifth Missouri Districts; two each from the Third and Ninth North Carolina Districts. Total 12.

At the end of a week of constant work over the contested delegations the committee has given President Taft a total of 159 delegates and Col. Roosevelt a total of 12.

In the Ninth North Carolina District the committee seated the McIntosh-Green delegation, but the contest did not involve presidential candidates, as both delegations were instructed for Roosevelt. Before taking up this contest the committee considered the Third District contest and seated the two Roosevelt delegates—Marion Butler and W. S. O. Robinson.

When adjournment was taken at 3:15 o'clock it was the belief that other compromises could be affected to dispose of some of the remaining contests. In the Missouri cases, as soon as Gov. Hadley's Roosevelt delegation had been seated, conferences were undertaken among the Missouri factions, which resulted in the dividing of the contested delegations between Roosevelt and Taft. Similar conferences are expected to result in the consolation of several other states cases before the committee resumes work tomorrow.

These compromises will not affect Texas or Washington, it is understood, but may take in several other states. The committee will settle another factional fight in North Carolina tomorrow and will then take up the Third Oklahoma District.

The contests remaining involve two delegations from North Carolina, eight from Tennessee, thirty from Texas, twenty from Virginia, fourteen from Washington, two from Alaska, two from Oklahoma, two from South Carolina and two from the District of Columbia.

MAYOR APPOINTS TUESDAY AS CLEANUP DAY

Ada, Okla., June 14, 1912.

To the People of Ada.
In accordance with a communication from the Sanitary committee of the Federated Mothers' Clubs published in another column, I hereby call upon all citizens of the city to make next Tuesday, June 18th a day for making Ada a "cleaner and better city," and especially do I call upon the business men to see that the alleys between Main and 10th and Main and 12th streets be thoroughly cleaned of all rubbish. The health and general appearance of the city demand this and I again urge upon all good citizens to join in this good work promptly on next Tuesday, and not one wait for the other.

S. E. CHAPMAN, Mayor.
It is very important for the health of the city that this work be done, and I heartily join in and urge the observance of the above.

"The Thread of Life"

This is one of the most powerful pictures we have had the good fortune to give you in one time. MISS PAULINE BUSH handles a role in this picture that requires an unlimited amount of skill. Mr. Warren Kerrigan, in popular "lead," and Jack Richardson also play an interesting part. See the California scenery.

"Roses and Thorns"

A farce comedy that will please all, made by the famous Eclair Co. Mr. J. E. Brulout, of the Eastman Kodak Co., appears in this film in his famous motor car.

REMEMBER "JESS"

In Three Reels, will be here soon. "Jess" was written by Rider Haggard, the author of "She."

Have you tried Diamond A Ice Cream at Ramsey's. 60-1f

J. P. Crawford was a passenger to Oklahoma City yesterday afternoon.

Miss Catherine Reed left this morning on a visit to Ladonia, Tex.

Ramsey Drug Co. has 120 gallon Wayne self measuring gasoline tank.

Miss Emma Wales left this morning on a week's trip to McAlester.

Mrs. S. E. Lewis left yesterday afternoon for Konawa where she will visit her daughter, Mrs. Dr. Woody.

Miss Maud Green left this morning on a visit to relatives at Henryetta.

W. B. Adair spent the day telling the voters of Francis about his candidacy for sheriff.

Jerusalem was destroyed. See how it was done, at the Lyric Friday and Saturday nights 56-61

S. L. Hostetter left this morning for his home at Yukon and will not likely return to Ada until fall.

Prof. F. J. Wilbanks returned yesterday afternoon from Clarita and Wapanucka where he has just closed some very successful singing schools.

Marvin Qualls is preparing to build a neat cottage on East 17th street. Charley Ray has the contract for the work.

Compared with most Saturdays the crowd in town today is rather small. Evidently the farmers are losing no time from their crops now.

Everybody is going to see the Crusade of Jerusalem tonight. Just follow the crowd and you can't miss the place. Special admission 5c and 10c.

In several of the county papers the county attorney offers quite an apology to the people for not accepting a third term. It is not likely many would have apologized for giving him a Salt River ticket had he made the race.

F. C. Sims and Ed Gwin spent yesterday on a fishing trip to Sheep Creek. They brought back some fish as well as fish tales. Mr. Gwin was highly pleased with the appearance of crops.

B. C. King, who has been campaigning in the south end of the county, says crop prospects could not be more flattering. The rain fall was heavier there than at Ada and the ground was thoroughly soaked.

This morning Prof. Wyatt, a well known educator, who has traveled extensively, delivered a most entertaining and instructive lecture to the normal students during the chapel hour. Those who heard it praise it very highly.

H. K. and W. H. Nettles returned this morning from a visit to Al Nettles at Garvin, McCurtain county. They report plenty of rain around there, but say it is still dry at Madill. While gone they made the most of their opportunities to do some fishing.

"The Thread of Life," is the subject of a great drama that will be presented this evening at the DeSota. Full of breathless interest from beginning to end, "Roses and Thorns" is a comedy the like of which has not been seen. In a few days Rider Haggard's popular novel, "Jess," will be presented. Watch for announcement.

W. H. L. Campbell arrived last evening from Oklahoma City and has been giving his old time friends of Ada the glad hand. Swamp has lost none of his love for the town since being called to the capital by the duties of his office and never loses an opportunity to come down on a visit.

Leslie Maxey is a new hand at electioneering for himself, and if the tale that comes from Allen is true, he was so zealous while over there a day or two ago that he went over into Hughes county tacking up his cards along the road. When asked about it Maxey stated that he figured on carrying both Hughes and Coal counties.

The program at the Majestic this evening will be both entertaining and instructive, to say nothing of having a strong comedy for amusement. "The Message of the Violin" is the title of a stirring drama showing something of the life of a musician. "Leap Year Proposals," in which John Bunny stars, is a roaring comedy in which the poor bachelor gets the worst of it. "A Page of Canadian History" is highly instructive to all.

PREPARING FOR THE CONFEDERATE REUNION

Friday evening the mass meeting called to consider the matter of entertaining the Confederate state reunion in the early part of September gathered at the city hall and organized by electing S. E. The chair appointed the following: J. W. Davis, W. W. Sledge, R. W. Simpson, S. M. Shaw, L. Rosenfield, W. S. Morrison, W. L. Reed and Tom D. McKeown.

Another committee composed of J. W. Davis, R. C. Roland and A. M. Crow was appointed to take up the matter of borrowing enough cots and tents from the government for the accommodation of the veterans. Both committees were instructed to begin work at once.

Another meeting will be held Friday night of next week at which time the reports of the committees will be presented and further plans outlined.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

LITTLE MISS EDITH CHAPMAN CELEBRATES BIRTHDAY

On last Wednesday afternoon little Edith Chapman entertained about forty-five of her little friends in honor of her tenth birthday. The little guests arrived at her home promptly at four o'clock and were received by Miss Edith with much pleasure.

Many games were played on the lawn, and daring feats performed on the trapeze by some of the boys.

The little guests were then ushered into the dining room which was prettily decorated with pink La France roses, and ten little candles burning brightly. Each guest was served with delicious pink ice cream and tiny lady fingers, a souvenir was pinned on each one. After which several nice piano

sections were rendered by the little girls, and Edith's tenth birthday will long be remembered by the following friends:

Pearl Gay, Mae Fair Ramsey, Dollie Gay, Annie Carroll Simpson, John Keltner, Eunice Bills, Allie Foster Chaney, Aubert Logsdon, Geraldine Hale, Corrine Moore, Meader Jones, Milton Moore, Nora Abney, Virginia Abney, Dorothy Preston, Edgar Hunter, Louise Hardin, Ruby West, Annie May Moore, Georgia Pollock, Thelma Perkinson, Laverne Lasater, Louise Barney, Angeline Ligon, John Drew Jones, Thelma Winn, Louise Meaders, Evelyn Brown, Guy Meaders, Samuel Shaw, Robert Wimbish, Langford Shaw, Katherine Griffith, Annie Louise Shaw, Violet Knight, Violet Moore, Selma Bolin, Ruth Bolin, Lucile Chapman, Will Tom Truitt, Mildred Reed, Little Janice Johnson, Douglas Lasater and Baby Nell Chapman.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C. June 15.—The convention to name a republican candidate for president of the United States will furnish the big news of the week. The gathering in Chicago—made up of representatives from every state, as well as the territorial and insular possessions—will be called to order Tuesday noon by Harry S. New, chairman of the national committee. He will introduce Senator Elihu Root of New York as temporary chairman. In assuming the gavel during the temporary period of the convention's existence Senator Root will make an extended speech, designing to embody the keynote of the coming notable campaign and to proclaim the principles and achievements of the republican party during its many years of existence. When his speech has been concluded Senator Root will announce the important committees, including that on credentials, and the convention will adjourn until such time as the latter committee is ready to report. There is considerable discussion as to the length of the convention, some of the leaders predicting that a week or ten days will be necessary to conclude all the work to come before the delegates, and others more optimistic declaring that five days should see the end of all deliberations and the departure of the convention representatives from their homes.

While the republican battle is waging in Chicago the democrats will be marching their forces towards Baltimore, where the party's presidential nominating convention will be called to order just one week after the gavel falls at Chicago. The democratic national committee will be in session the entire week looking after the preliminaries of the convention, and at the end of the week the advance guard of delegates and visitors will arrive in Baltimore.

Maine will hold her first state-wide primaries Monday for the selection of candidates for United States senator, representatives in Congress, governor and other state officers. Chief interest centers in the contests for the republican nominations for governor and United States senator. On the democratic side there is no opposition to the renomination of Governor Plaisted and Senator Gardner.

Vermont democrats will meet in convention in Montpelier Tuesday to name candidates for state officers and delegates to the national convention at Baltimore.

Yale, Harvard and a host of other colleges and universities, both big and little, will hold their commencement exercises during the week. President Taft has accepted an invitation to attend the graduation exercises and centennial celebration of Hamilton College, at Clinton, N. Y.

Important conventions of the week will include the annual meeting of the National Association of Credit Men, at Boston; the National Association of Real Estate Exchanges, at Louisville, and the national conference of civil service commissioners, at Seattle.

Also of interest will be the Ascot races and the opening of the international horse show in England, the general elections in New Brunswick, the Yale-Harvard boat races at New London, and the hearing in the Thaw case at White Plains, N. Y.

The Allen Hustler Is no More.

Editor H. M. Butler of the Allen Hustler announced that the current issue of his paper will be the last and that he will move the plant to Quinton and begin the publication of a paper at that point. The News regrets to see Mr. Butler leave Pontotoc county for he is a first class man in every respect, and gave Allen a good paper. The subscription list of the hustler was purchased by the Star-Democrat.

TEDDY HASTENS TO SCENE OF CONFLICT

New York, June 14.—Col. Theodore Roosevelt started for Chicago late today to lead the fight for his nomination at the republican convention. He left on the Lake Shore Limited at 5:30 p. m. and is due in Chicago Saturday at 4 p. m.

The Colonel said he was going in response to a unanimous demand of the Roosevelt delegates that he come, "not as a candidate, but because for the time being I stand as representing the principles for which the rank and file of the republican party have overwhelmingly decided in the states where they have an opportunity to express their wishes at primaries."

The Colonel announced his decision to start for the political storm center and take personal charge of the fight for delegates shortly after midday, making a verbal statement at the Outlook office. During the forenoon he was besieged with inquiries as to his intention. He had been non-committal up to that time. The fact, however, that the former President had motored up from Oyster Bay early in the morning, accompanied by Mrs. Roosevelt, with baggage aboard the machine, gave rise to expectations that he had decided to go and the announcement did not cause surprise.

There were nine in the Roosevelt party besides the Colonel—Mrs. Roosevelt, Regis H. Post, former governor of Porto Rico; Theodore Douglas Robinson, a nephew, George D. Roosevelt, a cousin; Kermit Roosevelt, Frank Harper of the Outlook staff and his wife and W. B. Howland and Travers D. Carmen, also of the Outlook staff. They occupied an entire Pullman car and in order to accommodate the squad of newspaper men that accompanied the Colonel, an additional car was attached to the train. Arrangements were made also to get telegraphic reports of the situation in Chicago tomorrow at various stops.

The Hot Air Dream.

A hot air dreamer came to town and went to kicking some houns around; in donkey state, he did loudly brag, and told the reubens the only way to change conditions from what they are was to get in and ride in the Hot Air car, to a station, he didn't just say where, but he told the people when they got there, they'd have no troubles, sorrows or pains and that the capitalists would be their gains.

He called the land lords a lot of sharks, and then showed his ignorance of the plan of Marx; he told how the government, in some kind of way, would shorten the hours and raise their pay. But, he didn't tell how their hot air plan would find the position to fit the man; or, how the man would ever find a position in life to suit his mind; that would leave the man any better way to make a living than he has today.

And, he didn't tell how they'd acquire the land to furnish a home for every man; nor just exactly how they'd acquire the rail roads, the telephone and telegraph wire; and he didn't tell how their hot air plan would raise the revenue to pay the man who'd leave his home to serve the Nation in the National Halls and State Legislation.

But the SPIELER smiled when these questions came up, and said to the questioner, "You're a fool or a pup; or, perhaps, you belong to the single tax clan, and don't seem to know that a common man has no business to ask such nonsensical things about hot air programs for it always brings the SPIELER to the common level of the common man who's just like the devil and his imps in hell who torture all men for asking three questions, 'Why, How and When' shall we change the system of government."

We don't know. Do you.—The Kumorid.

SOLVES NOISE PROBLEM.

New York State Expert Predicts Universal Adoption of Signal Clause in New Newark Ordinance.

Melvin T. Bender, counsel for the New York State Automobile Association, and one of the foremost authorities on automobile legislation in the East, says the signal clause in the new Newark traffic ordinance represents the ultimate solution of the automobile noise problem. In discussing this ordinance and the possibility of its universal adoption, Mr. Bender said:

"The problem of quiet in the operation of motor cars has troubled a good many communities and all sorts of attempts have been made to solve it. No one feature of the automobile has been the cause of more senseless and impractical legislation than the signal horn."

"It seems to me that the solution has at last been met in a highly satisfactory and reasonable manner by the City of Newark and I firmly believe the solution attained there will receive universal approval and adoption throughout the country generally."

"The new Newark law allows the use of the automobile horn only as a warning of danger. For any other purpose it is prohibited. In other words I think it places the horn where it belongs; it makes it a safety device pure and simple—not to be tampered with."

"Instead of attempting to confine the signal to any particular kind, as in the case of several cities who once sought to prohibit the use of all save the bulb-horn, Newark eliminates no signal that is efficient and capable of fulfilling its function."

"It puts the ban on feeble, ineffective 'squawkers' by making the required signal sufficiently loud to be heard under all conditions of traffic; and tune-playing and eccentric devices by demanding that the note produced be 'abrupt' in order to voice a true warning, but aside from these entirely reasonable, in fact essential, specifications, there is no discrimination."

"In my opinion the new measure is not only going to attain the desired reduction in the amount of unnecessary noise, but it will make the signal."
